

You are missing the most interesting afternoon of the week if you fail to attend the BALL GAME at Am. Fork Wed. afternoons --- next Wed. Payson vs. Am. Fork--City Park, 3 p. m.

THURSDAY, JUNE 18, 1921.

AMERICAN FORK CITIZEN

SATURDAY, JUNE 18, 1921.

Pleasant Grove Department

GOOD INVESTMENT IS TO SUPPORT YOUR BAND

The Pleasant Grove Concert Band has done splendid work since they were recently organized. They played at the Memorial day and also for the benefit concert Sunday night. They will give a free street concert again Wednesday night.

The local people should encourage and support the band. Concerts of this sort given Wednesday night should be given at least one night each week. This can only be accomplished if the citizens get behind the band and give it the needed support. In American Fork the City Council has taken it upon their shoulders to see that sufficient funds are raised to keep the band going. They will have an open air concert one night each week during the summer months. Our band will soon be able to play dances and should they give one the citizens should support it whether they dance or not.

The band is one of the best factors in town can have to boost it. We have a good band, let's help it boost Pleasant Grove.

HIGH WATER CAUSES TROUBLE FOR R. R.

All trains of the Denver and Rio Grande R. R. Co. were forced to pass through our city over the Salt Lake Route's tracks Saturday, Sunday and Monday. The cause for this was that the Denver and Rio Grande bridge over the Provo river had washed out. The water in the river raised in tremendous proportions during the past week and did considerable damage.

The Salt Lake and Utah R. R. Co. kept a force of men busy most of the week, keeping the stream from washing out their bridge just north of the D and R. G. tracks, as it was feared that their bridge would also go.

The Salt Lake Route has been successful in keeping the stream in the center of the channel and it was thought no harm would be done to their bridge.

Large forces of men have been working in the lowlands to keep the water from destroying the many beet fields along its banks. It is stated by older residents that the high water mark has now been reached and that the water should now get less.

Reports from American Fork canyon are to the effect that very little snow has left the hills as yet.

10-Week-Old Babe Dies

Reed Omar, the little 10-weeks-old child of Mr. and Mrs. Gustav S. Omar and grandchild to Bishop Johnson of the Linden Second ward, died Sunday, following an attack of leakage of the heart. The funeral was held at the Linden Second ward Chapel Monday afternoon with Bishop's Counselor J. W. Gilman in charge.

The speakers were A. H. Lowe, J. W. Gilman, Edmond Cragen and G. R. Ash. The burial was made in the Pleasant Grove cemetery.

Utah Stake Old Folks Entertained at Geneva

The old folks of Utah Stake were royally entertained Thursday at Geneva. They were brought to the resort in automobiles and were treated to an abundance of delicious strawberries and cream.

A splendid program was given with Wyman Berg, the secretary of the stake center's committee in charge. Each ward in the stake was responsible for the transportation of their own old folks to the resort.

"Les Miserables" Tues. Night

The Sunday schools have been fortunate to secure "Les Miserables" in a series, which will be presented Tuesday at the tabernacle. Together with this a good musical program and a two reels Sunshine comedy will be given. The crowds are enjoying these shows given each week.

ORGANIZE LADIES. FARM BUREAU

The Ladies of Pleasant Grove met at the City hall Thursday evening and organized a Ladies' Farm Bureau. Mrs. Fred Merrill of Lehi, county chairman of the Ladies' Farm Bureau in Utah county, and Mr. J. P. Welch head of the men's Farm Bureau organization, were present to assist in the organization and explain the work to be accomplished by the organization.

Mrs. J. J. Hayes was chosen president; Mrs. Arthur Overlade, vice-president, and Mrs. Karl Banks, secretary and treasurer. The ladies present decided to take up the following project work: "Health," with Mrs. W. L. Hayes as project leader; "Clothing," with Mrs. R. J. Page as leader; "Interior Decoration," with Mrs. Lucille H. Walker as leader. There will also be other project work taken up later on.

It is earnestly desired that all the ladies of Pleasant Grove, who are interested in these matters will become members of the organization and they can apply to Mrs. Karl Banks for membership. The membership fee is 50 cents.

BETTER MAIL SERVICE

Through the efforts of Postmaster Wadley and the American Fork Commercial Club, a better mail service has been secured for our city. On Sunday we began to have mail two times each day instead of one as we have had it in the past. It is now possible to send a letter to American Fork and get an answer the same day. Heretofore it was necessary to send all American Fork and Lehi mail to Salt Lake where it was redistributed and returned over the D and R. G. to those cities.

The new schedule will be as follows:

Mail going north 5:25 p. m. and again at 8:42 a. m. The California mail will get here at 3:55 a. m. This will be distributed early each day.

There will be no mail on Sunday, excepting the early California mail, consequently the postoffice will only be open on Sunday morning from 8 a. m. to 9 a. m.

This service will also aid American Fork as they have been getting no mail over the Salt Lake Route up until this time.

More Donors

In making the list of donors for the Mary Anderson home the committee omitted the following names which should have been printed last week:

Pleasant Grove Garage	\$5.00
Alvin Nielson	2.00
J. C. Peterson	1.00
F. S. Humphries	2.00
J. E. Hardman	2.00
Niels Fugai	.35
John E. Smith	1.00
Inaac Carlsson	1.00
C. O. Draper	2.45
E. D. Olpin	3.00
H. L. Clark	1.00
Ernest Ash	1.00
H. A. Laursen	1.00
Dr. Grua	1.00
Pleasant Grove City Firemen	6.00

Clip Your Coupons

On Wednesday, June 15th the government issued \$15,291,590.50 in interest on the First Liberty and the Victory bond issues. The people of Pleasant Grove purchased over \$60,000 worth of bonds in these two issues and the holders of the same will be given an interest of 3 1/2 per cent on the First Liberty loan and 4 3/4 on the Victory loan.

Those who have not yet secured their interest are urged to clip their coupons and present them at the bank for payment.

The government is urging all bond holders to invest their interest again in United States Securities, such as Thrift Stamps and war savings certificates. Government bonds are always good security and one can do no better than to invest in them.

Don't fail to see "Les Miserables" at the tabernacle, Tuesday night.

BAND CONCERT BIG SUCCESS

The concert given by the band Sunday night proved to be a success in every way. A total of \$23.23 was collected and given to Mrs. Mary Anderson, who had the misfortune to lose her home by fire some time ago.

The following program was given:

March—"Religious"—Band.

Prayer—E. F. Walker.

Overture—"High Jinks"—Band.

Popular air—"Do You Ever Think of Me"—Band.

Sextette—from Lucia—Band.

"The Rosary"—Trombone Solo — Myron West.

Quartette—"Rigallette"—Band.

Cornet Solo—"Sunshine of Your Smile"—Prof. A. R. Overlade.

Remarks—J. H. Walker.

"Stars and Stripes Forever"—Band.

"Star Spangled Banner"—Band.

Prayer—Junius A. West.

A good crowd was present and all were liberal in their donations for the worthy cause.

OLD FOLKS' OUTING

Chairman Will L. Hayes announces that the Alpine Stake Old Folks' summer outing will be held next Wednesday, June 22nd. Each ward will be responsible for its own transportation of old folks. A splendid program has been arranged. Two numbers will be given from each town, with some speeches from members of the general committee from Salt Lake. The aged are expected to bring their own lunch but the committee will give them an abundance of ice cream and strawberries. The grove and pavilion are nice and cool and will be in splendid condition. Tables will be prepared for 1000 and every effort will be made for the comfort and pleasure of the aged.

Mutual of Second Ward Will Give Show

The Mutual associations of the Second ward are planning a clever "Stunt Show" to be given in the ward house, probably next week. The show will be filled with vaudeville stunts and parodies. The work of preparing is under the direction of Mrs. O. E. Grua and others.

There will be two, one act plays, a solo dance and many song and reading specialties. The Pleasant Grove orchestra will also be in attendance.

The proceeds will be used to defray the expenses of the Bee Hive girls and Boy Scouts, during their annual hike at Mutual Dell this summer.

Manila Notes

Last Tuesday morning early, Geo. Monson saw a deer near his home. He arose rather early and as he stepped out in his lot he found a large deer drinking from a stream running there.

When the deer saw him it became frightened and ran quickly. It leaped over the fences with no trouble and was soon lost in the hills. It was rather strange that a wild animal should come down this far from the hills, especially at this time of the year. When feed gets scarce animals are sometimes forced to come down for feed, but with plenty of feed and water in the hills it was thought strange that the animal should venture out so far.

The "Ugladden" swarm of the Hive girls from the Manila ward met Thursday night at the home of Christine Johnson. Lessons on Woodcraft were given and a tasty luncheon was served.

Mr. and Mrs. Wilford Warnick, Mr. and Mrs. A. T. Warnick and Effie Warnick were among the Manila people who attended conference at Salt Lake last week.

Wednesday a large crowd of Manila people met at the new ball grounds when the Manila team of scouts played a team from the Pleasant Grove third ward. The Sunday school people served refreshments.

SANPETE SCHOOL BOARD INTERESTED IN OUR SCHOOL ACTIVITIES

Messrs. Barton, Christianson and Despain of the Board of Education of the South Sanpete School District and Supt. Edgar T. Reid were visitors in the Alpine School District Friday. They were especially interested in the "Out-of-School-Activities" of our school program and commented favorably on our plan of making a new requirement for graduation from high school in the field of "Community and Life Activities."

Superintendent Walker took the visitors for a drive to the Tomlinson berry patch where they were permitted to have a fill of delicious berries. They were impressed by the size of the patch, the prolific yield, and the labor required to handle the crop.

It would do our own home people good to take an early morning ride to this wonderful field.

Flag Day

Flag day passed very quietly in Pleasant Grove. No public exercises of any kind were held. Flags were displayed from the Bank, the Post-office, the City Hall and at many of the business houses and residences, throughout the city.

Many decorated autos passed thru the city on the way to Provo to attend the big Elks club parade and celebration there.

Rumors Reported Boy Drowned

A rumor was about town Wednesday that George Weidne was drowned. This probably started when the boy failed to return home after leaving home Tuesday early to find work. His parents were nearly frantic when he did not return. Thursday, however, it developed that the boy had found work and was staying out at the farm of Rube Christiansen. He is only 11 years old and it is said he was fond of swimming and it is thought that this was the reason that the rumor was started.

Enroll now for the summer term of music lessons. Don't delay. Beginners and advance students both accepted. See Chas. Hopkins, in American Fork Saturday's or write him at Lehi. 18-2t.
